				Parisian or other name. The rest of the female members of the tribe were for the most part attired in white, with glaring red trimmings, and red Garibaldi jackets. The costume of his Majesty (Mr. Smith) is perhaps best described as being a compound between the dress of a gamekeeper and a groom. Perhaps the most innocent feature of the affair was the children of the gipsies, with their jet-black hair and piercing eyes, merrily capering amongst the throng of adult dancers. So far as we could observe the ball was well conducted, and will result in a goodly sum being netted by the Zingari tribe.
